you are not a real
American, are you are
not a Christian if all
Lutherans are like you
the Good Lord pity us
any one that would
say they would vote
for a man that left
a girl in the lake to
die to save his own
political job there is
something wrong there
you had better take
inventory of yourself.
I am going to pray every
day for the Lord to
make you so miserable
you can't eat or sleep
you put money before
a girl life you should
be sent to Russia.
of course you would not
be able to talk so

freely there, for public
