Dear Mary Ann & Sam -

Hey - it's really neat to be a friend of a celebrity. We watched the program on Sept. 20 (our anniversary) and we think Sam should get a cabinet position for the loyalty to Nixon while on the McGovern campaign trail. The kids wanted to know about your children and I must say, I thought

I collect antique dolls. That's my thing. This year I've had the neatest time planning gifts for the girls. Identical twin doll-houses ~ filled with tiny braided rugs, crocheted coverlets, brass beds, hand-made wooden furniture. I've spent a fortune for this once-in-a-lifetime gift (used a small inheritance) I know they'll love them. Now I find I want a dollhouse for me.

Carrie just washed her hair and it's so snarled

Ricky might have been possibly fifteen. But what happened to your baby? We thought she should be about six by now. Time really goes by, doesn't it?

We visited Tom's Mom & Bob last March. Saw alot of museums and really saw the best of Chicago in a short time I'm still shaking from those expressways, tho. Bumper to bumper 70 miles an hour.

now that Tom just said he doesn't think she'll be able to go to school tomorrow.

Will - carry on in your political career. Sam - you came over the E.T.U. as a sincere, loving, gentle, hard-working and dedicated man. The warmth of you was what we'll always remember.

Love -

Judy & Tom
