Dear Marylun + Rich + family: -

First of all I want to say we all saw you on TV last week and you were all wonderful. It was so good to see somebody we knew. We had to go to Perfecto to see it we cant get Chanel 4 + 2 on our TV we have no outside antenna. you all did great

Well we are having some cool weather now 60 + 70 I guess it was in fifties yesterday and last night we had the heat on for awhile but it warming up now. But sure am glad we missed all that cold and snow you have up north my folks are here from Wisconsin they stay with us 2 weeks then go back to my brother's in Miami for awhile. They are glad they are not in Wis. now it was 20 below when they left there about 3 weeks ago.

Sounds like Joyce and girls will be down here about Easter. Anxious to see them all and Marilyn and Al and family. Hope you get to come here when you down here in June. No doubt you are getting anxious to see your folks. Its about 20 miles from here to Brad. I sure do love it here. But with Mr. Parfect sick it takes some of the enjoyment out because we had so many plans to go places. He is getting weaker every day. It sure is hard on Marilyn's mother and he doesnt want anybody around but her or family. Today is Mrs. birthday we will go over later and take some coffee cake to celebrate.

We will be going up north about April but I dont think we will stay long I will be anxious to get back. Will see how thing go not planning too much as yet.

~~Hey~~ Have been eating tomatoes from our garden for several weeks now and they taste real good.

Well I must close for now and write to others and try to catch up on my letter writing seems like I owe everybody a letter I love to get them so better get busy and write some. Wanted to let you know sooner about seeing you on TV but the time slips by when you have guests.

Hope this finds you all well and see you either in Chic or down here.

Love to all
Edna & Mr R.
