Dear Bob

Sept 29th 197-

Just a note of thanks to you and your staff for all the pictures, slides, newspaper clippings, etc that have been received in the last 10 days together with your check in the amount of $19600 I have read, reread everything and am still not convinced that all is over.

In viewing the "TV" show with all my friends, I was sure gratified with the Show. It was shown twice here in the Chicago area and I have had many congratulations together with comments how excellent the filming and editing was. I guess the top line was the last one whereas I stated "My God I'm ready to collapse", all people keep reminding me of this.

I am enclosing herewith a "slide" for Missie of the Albuquerque interview with the Senator together with my "Memoirs" which Robin so graciously stated would read over and possibly find a source for publication. Have Robin let me know what further action on my part may be necessary in this regard.

Of course I have received in the mail many letters, pro and con regarding my feelings toward Sen McGovern + President Nixon. Also a few letters have been received looking down upon my statement I would consider voting for Ted Kennedy if he chose to run, But of course this was to be expected

and some of the letters of course were unsigned.

Again, thanks for everything and it sure was my pleasure to be of service to you in this undertaking —

Very Truly Yours

Richard Johnson

P.S. I still hope you will send us a copy of the film together with cassette tapes of the interviews. Mary Ann and the Kids, plus the two cats say hello!
