Nov 27th

Dear Bob:

The copy of the 2nd Program arrived safely ~~approximately~~ about a week ago and I want to thank you so much for sending it to me.

Yes, I must say this certainly has been quite a year for me. I still receive a few "fan" letters recently and ~~I am~~ an occasional phonecall comes my way. I have to admit that the election turned out more decisive than I thought it would however it was ~~quite~~ quite plain that the country wasn't ready to accept Sen McGovern and his program as yet.

My family I have enclosing a copy of one of the fastest letters I received, ~~I believe~~ it came from either Mass or Maryland, and from it you can gather that all the letters were not in favor of the "Average American".

Thanks again Bob for everything. And my wife and family (cats included) say hello to you and all the Crew. Tell Robin I did get my "Memoirs" published in the local Rolling Meadows News Paper and from what comments I heard it was well received.

Dear Bob:

The copy of the 2nd program arrived safely a week ago and I want to thank you so much for sending it to me.

Yes, I must say this certainly has been quite a year for me. I still receive a few "fan" letters and an occasional phone call comes my way. I have to admit that the election turned out more decisive than I thought it would however it was quite plain that this country was not ready to accept Senator McGovern and his programs as yet.

For laughs, I am enclosing a copy of one of the latest "fan" letters received. It came from either Massachusetts or Maryland. From it you can gather that all the letters were not in favor of Mr. "Average American."

Thanks again Bob for everything. Mary Ann and family [cats included] say hello to you and all the crew. Tell Robin I did get my story published in the local Rolling Meadows News and from what comments I heard it was well received.

Very truly yours,

Richard J. Johnson
