Dear Mr. and Mrs. Johnson:

The TV program featuring your family was seen in the greater New York area on February 9th over educational television.

What a joy to see such a very natural witness of a very genuine Christian faith - as it was expressed in the members of your family. This to me was the outstanding feature of the entire thirty minutes. And it will be more effective than many hours of religious programming because your witness is reaching an audience that is not anticipating it.

Thank you - and may the peace and joy of God's love in Christ abide with you always.

Sincerely,

John K. Kjoller

John K. Kjoller
