Dear Friends:

Have been meaning to write you ever since the show was aired to tell you how much our family and friends enjoyed it. It was a real thrill to see ourselves on TV. The film was shown twice in our area. Once on the 9th and again the following Sunday afternoon.

We have received many letters and phone calls and the general response was very favorable. It is amazing how people have identified with our family's situation. We've spent many hours in rap sessions with all kinds of people since the program was on. Our closest friends felt the part about the color TV, carpeting, etc. was over emphsized, and I have to agree. Although we'd love to have all that and more, we are happy with all the blessings God has given us and do thank Him for them. However we realize that in order to get a certain point across you have to get a little heavy. We've enclosed two letters that pretty much typifies the response we received thru the mail.

Thank you so much for sending us the article from the Washington Post and again our thanks for the lovely evening "out on the town." We really enjoyed that and will never forget it.

We've been loyal viewers of "Election 72" every week but we at 2402 Willow feel the high-point of the series was your second show. I guess we're a little prejudice. We've also enjoyed watching "Washington Week in Review" too. Thanks for the interesting and exciting experience and creating in us a new awareness of the political world in which we live. Much success to you all.

Peace, Joy, Love,

The Richard Johnson Family

P.S. We really would like a copy of the film if it can be arranged. I hope you haven't forgotten.
