Chuck Percy has cast thousands of votes as your United States Senator. In the next six years he will cast thousands more.

And while you may not agree with him every time, you'll always know that Senator Percy's vote is his own.

Nobody owns him: no big contributor, no special interest, no political machine.

He's free to hear his conscience ... free to vote for you.

Because Chuck Percy is his own man.

Four generations of the Percy clan gathered last July to celebrate the birthday of the Senator's mother.

Republican, 12th District
Illinois

A copy of our report filed with the appropriate supervisory officer is (or will be) available for purchase from the Superintendent of Documents, the United States Government Printing Office, Washington, D.C. 20402.

The Congressman...

Phil Crane was first elected to the United States House of Representatives in November, 1969, when voters in Chicago's North and Northwest suburbs chose him over 11 other candidates.

A former history professor at Indiana and Bradley Universities for seven years, Congressman Crane is one of only eight members of the House of Representatives with a doctorate degree. He earned it at Indiana University, where he achieved a perfect academic record.

Phil Crane's record in Congress in only three years has been remarkable. He is recognized by his colleagues, both Democrats and Republicans, as one of the most promising members of the House. Within the past year alone, he has been acknowledged as the leader in the fight to curb the abuses of labor unions, in the battle against government-controlled child-care centers and in the crusade to keep the federal government from interfering with the private practice of medicine.

The Congressman's leadership is not recognized only in the Congress, however, or only in the 12th District. He is in constant demand as a speaker at colleges and universities throughout the country and has been a guest on more than two dozen radio and television programs in Chicago and elsewhere. Among these appearances were three visits to the award-winning program, "The Advocates," which is seen nationally on the Educational Television Network.

For 14 months, Congressman Crane was the only member of the Congress with his own television program, a half-hour discussion show broadcast weekly in prime time in Chicago.

Phil Crane also keeps in close touch with his constituents. Despite a full-time schedule in Washington as Congress remains in session for 10 months each year, he has averaged more than 30 trips annually back to his district. And each year since he was elected, he has solicited opinions of his constituents through a questionnaire which is sent to every household in the district. Routinely, the Congressman sends a newsletter to all residents of the district.

Congressman Crane and his wife, Arlene, are parents of seven children.

X Excessive political powers of labor union bosses.

X Deficit spending by the Federal Government.

Bring **FBI** integrity to Cook County

Bernard Carey

FOR STATE'S ATTORNEY

⊗ Republican Nov. 7

Bernard Carey has received widespread support — from the Bar, from the press, from civic leaders, Republicans, Democrats and Independents, and from concerned citizens' groups representing a wide range of political philosophy.

Fight criminal violence; restore respect for law and order.

Effective law enforcement means swift and sure punishment of criminals...with full respect for individual rights.

Bernard Carey is a professional lawman, not a politician. He has the credentials and the integrity to do the job.

Bernard Carey's broad experience has given him a working knowledge of all areas of law enforcement: police, courts and corrections. He was declared qualified for office by both the Chicago Bar Association and Chicago Council of Lawyers, while both groups rejected his opponent.

As a special agent in the Federal Bureau of Investigation for five years, Carey received several commendations for investigative ingenuity.

Carey supervised major criminal investigations and personally prepared more than 100 criminal cases for trial, all of which resulted in convictions in federal courts.

As Deputy Director of the Illinois Department of Law Enforcement, he founded and organized the Illinois Bureau of Investigation, insisting on F.B.I. standards of professionalism for the new bureau. Carey served as Undersheriff of Cook County for two years, supervising the reorganization of the Cook County Jail.

A graduate of DeLaSalle High School, St. Mary's College, cum laude, and DePaul University School of Law, Carey was admitted to the Illinois Bar in 1958.

He is currently the Special Assistant to Illinois Attorney General William J. Scott, in charge of special prosecutions.

Carey is area chairman of the Chicago Council of the Boy Scouts of America and a member of Americans for Effective Law Enforcement and the Chicago Committee on Criminal Justice. He received the Jaycee Distinguished Service award in 1970.

Carey lives with his wife Mary Rita and five children in South Holland, where he is a Village Trustee.

Carey has a positive program for action.

Bernard Carey offers a positive program to control crime, with full respect for individual rights. His platform, which starts with thorough professionalization of the state's attorney's office, includes:

Merit system. Carey will institute a full merit system in hiring for the office. He will end the present requirement of political sponsorship.

Recruitment of staff. Carey will actively recruit outstanding attorneys from leading law schools and law firms to serve as his assistants.

Training. Carey will institute a formal training program for assistants and set up an adequate system of supervision.

Support for police. Carey will introduce new measures to increase support for and cooperation with the police, including better communications, educational programs and assistant state's attorneys assigned to help police in preparing charges.

Statistics and review section. Carey will establish a uniform procedures section which will continually review cases and advise witnesses and victims of crime of the status of cases they are involved in.

Branch offices. Carey will establish full-time branch offices to extend the state's attorney's services into neighborhoods and suburban towns. He will actively seek out complaints about matters which are his responsibility under law, such as consumer fraud, official misconduct and gang intimidation.

Special investigations. Carey will make provisions to ensure that instances of apparent official misconduct receive full investigation. He will establish task forces to probe the scandals which have been ignored: the assessor's office, vote fraud, conflict of interest cases.

Plea bargaining. Carey will work for a formal, court-approved procedure to insure standardized plea bargaining hearings and end the haphazard, wholesale misuse of plea bargaining currently in practice.

The present State's Attorney talks tough — but look at his record!

- A criminal in Cook County, even if caught and indicted, has odds of four to one in his favor that he will not serve in the penitentiary for his crime.
- Forty percent of all persons indicted for crimes in Cook County during the last four years have been freed by the state's attorney without even standing trial.
- Eighty percent of the convictions obtained by the present state's attorney were on agreements he made with the criminals to charge them with lesser crimes than they were arrested for.
- He has fostered political domination of his office and has closed his eyes to official corruption.
- The Chicago Bar Association and the Chicago Council of Lawyers, representing nearly all the lawyers of Cook County, have declared the present state's attorney **unfit** to continue in office.

Bernard Carey has received universal endorsement.

"Election of Carey, we believe, would be a welcome step toward a better system of justice in Cook County. Carey strikes us as a dedicated and professional law enforcement officer."

CHICAGO SUN-TIMES.

"I'd like to see the police and the state's attorney working together to provide justice for all the people. I am sure that Bernard Carey will be that kind of state's attorney."

JOHN FLOOD, PRESIDENT, COMBINED COUNTIES POLICE ASSN.

"We recognize that Carey's F.B.I. training and wide-ranging experience in law enforcement on all governmental levels more than qualify him for the office of state's attorney."

I.V.I. CHAIRMAN MICHAEL SHAKMAN.

"We in the Republican party can feel proud that we are offering a man of Bernard Carey's caliber for the office of state's attorney."

CONGRESSMAN EDWARD J. DERWINSKI.

". . . it is high time to elect a man of judgment and common sense to represent the people of Cook County as state's attorney. Bernard Carey is that and more."

CHICAGO DAILY NEWS.

"This county badly needs an independent professional in the position of state's attorey. Carey's election is a matter of vital importance to all of us."

DONALD PAGE MOORE.

" Carey's record in law enforcement in Illinois and as an F.B.I. agent has been outstanding, and I am convinced that his election as Cook County state's attorney will return to that office the dignity it deserves."

CONGRESSMAN PHILIP CRANE.

"Bernard Carey's distinguished record in top-level, professional law enforcement makes his election as state's attorney imperative."

ILLINOIS ATTORNEY GENERAL WILLIAM J. SCOTT.

"I am supporting Bernard Carey for Cook County state's attorney because I feel that he will be an effective prosecutor, not a persecutor."

ALDERMAN WILLIAM COUSINS.

"For Leadership of Quality . . . .

1. DAVE REGNER believes the safety and protection of its citizens is a prime responsibility of government. As State Representative he sponsored legislation that created the "Little FBI". Dave will continue to work toward the goal of fair and effective law enforcement which can bring freedom from fear for all citizens.

2. DON TOTTEN thinks the state already levies enough taxes. He believes Illinois can operate within its present income and will do his best to see that it does. Don promises particularly to protect the overburdened homeowner from increased taxation.

3. VIRGINIA MACDONALD'S recent position as Assistant to the Director of the Illinois Environmental Protection Agency has given her valuable insight into the problems of air, water, land and noise pollution. 1. DON TOTTEN believes that local people can best decide local issues, especially in the Northwest Suburban area with its high percentage of educated, intelligent citizens. He favors strong home rule legislation to provide more local autonomy, and he promises close contact with local officials and citizens to promote cooperation between suburbs and state.

2. VIRGINIA MACDONALD is concerned that many of the new Illinois constitution's major provisions have not been legislatively implemented. Under the new charter a state wide Board of Elections should be established without delay to insure honest elections. Fewer elections and longer voting hours are needed. Ginny supports prompt legislation for these provisions as well as for immediate funding of the Judicial Inquiry

3. DAVE REGNER thinks government actions should be open to public scrutiny. During his three terms in the State Legislature he has sponsored legislation providing for full disclosure on state contract bids and requiring public annual audits of all Illinois taxing bodies. He will continue to be a leader in working toward a government with the highest possible honesty and integrity.
